Honorarium Information

Breakdown of Stipend Amount

National University makes available an honorarium for your participation in our Practicum Program. As of January 1, 2003, all Honoraria are paid \$30 per unit (SECTION). Each student teaching or practicum course is 5 units, equaling a total of \$150 per session (approximately 4 weeks each).

At the end of each session, National University requests a confirmation from districts for the total number of quarter units their staff has served as supervising teachers. Within 30 days of receipt of this confirmation, National University sends the district a check.
